UPTOWN

URBAN
COFFEE

A 20-YEAR JOURNEY
ONE CUP AT A TIME

Since 2003 we have been designing, producing and distributing equipment with a mission to optimise the quality of service in coffeehouses, hotels and restaurants.

Driven by our passion for the world of coffee and hot beverages, we are constantly developing new products, all entirely made in-house at our company headquarters in Italy.

Our flexibility and experience allow us to adapt our machines to all needs, always guaranteeing the desired result.

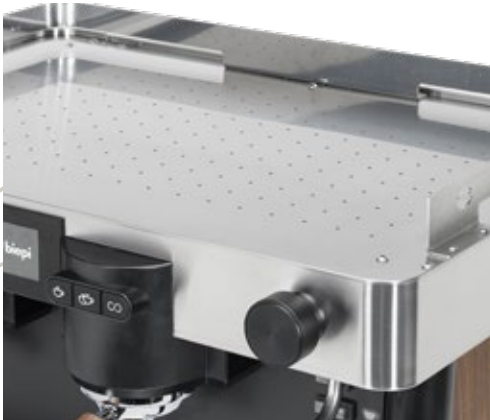

In line with our commitment to ongoing innovation, we hold numerous patents for innovative systems that improve the functioning of our machines and facilitate the work of baristas, coffee roasters and wholesalers.

All BIEPI products are guaranteed and certified.

**Designed and
constructed in Italy**

UPTOWN PRO

Automatic professional espresso machine with independent brew groups.

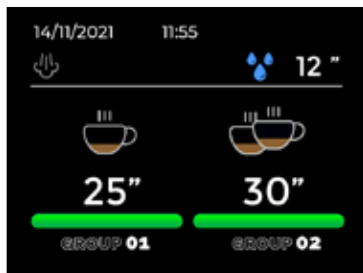

UPTOWN **Elegance and Tradition**

Professional espresso machine
with two or three brew groups.

Main features

All-in-one traditional and tall cup version through adjustable tray.

Lighting of work area for maximum visibility.

Independent brew groups can be set at different temperatures (only Uptown Pro)

Remarkable energy saving thanks to the insulated boiler.

Cold-touch steam wands.

Energy-saving ECO setting.

Electronical setting of the boiler temperature.

Design

Designed by WhyNot Design studio, Uptown is an elegant machine with a modern look, thanks to the combination of brushed stainless steel and wood side panels* with the matte black body.

* The 3M™ DI-NOC Dry Wood Matte adhesive finish ensures excellent resistance to stains, abrasion, wear and tear, and mould. DI-NOC finishes are CE branded according to the 8g/106/EEC construction products directive and tested according to the EN 15102: 2008 decorative wallcoverings standard. The "Dry Wood Matte" family faithfully reinterprets the tactile qualities of wood in a completely natural way. Does not contain real wood.

Only on Uptown

Remarkable energy saving thanks to the insulated boiler.

All-in-one traditional and tall cup version through adjustable tray.

UPTOWN PRO

Automatic professional espresso machine with independent brew groups.
