Large and reliable.

With generous proportions and superb reliability, D08 is the ideal automatic drinks dispenser for single cups and 1-litre containers. The machine can dispense from 7 to 10 different beverages plus hot water for teas and other drinks. With its

sophisticated electronics, the machine can be adapted to any requirement and allows perfect blending both for small, concentrated beverages and for 1-litre drinks. All parameters can be programmed using the control panel or smartcard.

Vast range of **programmable** drinks

Separate blending groups

Large containers for **high-consumption** settings
